

THERALUXE™ | HD

Your **Rx** for Comfort, Support & Durability

QLX Spring System

Achieving an unprecedented level of deep, body-contouring support, this spring system consists of nearly two thousand individually wrapped coils that conform and react to your every curve.

TheraFoam® Support

More durable, higher density foam to provide long-lasting cushioning support and comfort.

- 50% higher density quilt foams
- 2x higher density support foams

HyPurGel™ Foam

A specialized hybrid foam that delivers optimal temperature control and invigorating, pressure-relieving comfort.

Adaptive Fabric

Fabrics are anti-bacterial, moisture-wicking and temperature regulating to produce a more comfortable sleeping surface.

Therability™ Foundation

Exceptional durability with 3x the amount of wood beams to provide unsurpassed stability and support.
